**OF INTEREST TO WOMEN**  
**Novel Sport Shoes.**

The newest sport shoe has a simulated tip which gives a smart appearance without any disposition to make its presence known to tender feet, as is often the case when a natural tip is used. These shoes may be had with spring or regulation heels, and, of course, the soles are of rubber.

Evening slippers are of satin, silver cloth, metallic brocade or of lightweight kids, and by way of ornamentation they have buckles or little rosettes of tulle with steel or rhinestone centers. Many women like the plain pump for evening, but, of course, that is a matter of taste.

Because the importation of fine kid from France and Germany has become practically nil since the outbreak of the war, it may be that a threatened shortage will and the price of footwear far beyond its present rating. Indeed, in some quarters there is apprehension that shoe fashions will later be determined by the materials available, and this also applies to colors. It behooves the women who like fine shoes to make her spring selection early.

**THREE GIVE BOND.**  
Lucian Walker, Lloyd Blackshire and Page Bush, who were jailed Sunday night under charges of feloniously assaulting and beating Audie Davis and Charles Frum in a free-for-all fight the night before at Tin Plate, have been released from the county jail under bonds of \$100 each. Their trials have not yet been set.

**BELL RINGS ITS FAREWELL.**  
The old bell in the tower of the old Goff Methodist Episcopal church was rung there for the last time Tuesday morning by workmen who are razing the structure preparatory to the erection of a six-story college building for the West Virginia Business College. The bell will likely be placed in the tower of the First Methodist Episcopal church.
